Attendance rate: 94.0%

Mission:

It is the mission of Mayfield Elementary School to work collaboratively with its students to maximize learning potential by providing learning opportunities based on the Ohio Academic Content Standards. Student progress will be monitored through a variety of ongoing assessments. Teachers will use assessment data to select appropriate interventions that reflect research-based best practices.

Vision:

We at Mayfield Elementary School envision a school in which:

The primary role of teachers is to model problem-solving to keep students actively engaged in learning while contouring our lessons to the content standards, meanwhile motivating parent/child interaction.

Students will come to school motivated to learn, be actively engaged in the learning process, and strive to master the academic content standards.

Business, families, and other stakeholders will demonstrate a value in education with pride in schools, and provide a secure and stable environment.

The climate provides a welcoming, positive, and emotionally secure learning environment.

We use assessment data to drive instruction and intervention using best practices to enrich and build vocabulary and experiences in integrated content areas.

Based on the Ohio Academic Standards, we will spiral the basic curriculum throughout the grade levels in a flexible, integrated plan to meet individual needs.

MAYFIELD DETAILS

Mayfield Elementary School serves children from Kindergarten through fifth grade. There are thirty-two classrooms, including three full day Kindergarten sections. Mayfield is also proud to house the district Gifted And Talented Education (GATE) program.

- Full-time Fine Arts (Art, Music, & P.E.) teachers provide instruction to students in GATE, all-day Kindergarten and 1st through 5th grades. Each student receives 45 minutes each day in one of these three subject areas. Mayfield also has a librarian who provides training for students in literature, library use, research, and technology.
- Mayfield provides special education services to meet the needs of students in an inclusive environment. Teams of special education teachers and regular education teachers serve students with identified special needs. Outside counseling agencies provide counseling to students. A nurse provides medical attention to students who need it.
- An Intervention Assistance Team (IAT) works to support students who are having difficulties in the classroom. Students are referred to IAT by teachers and parents at which time the IAT convenes to learn more about the child and brainstorm strategies to help support their success in the classroom. Parental involvement is a very important piece throughout this process.
- Mayfield has a mathematics coach who provides strategies for classroom teachers in grades Kindergarten through fifth.
- Free breakfast program for all students
- The Mayfield PTO is very active, hosting monthly skating parties, fundraisers, financial support for field trips, programs, and classrooms, as well as a host of other supports during the year.
- Mayfield has a parent activity coordinator who plans four literacy and/or mathematics activities a year involving parents and students.
