Issue 32-May 8

Celebrate May is Better Hearing and Speech Month!

Speech and language problems can occur at any time in a child's life. They can be caused by accidental injury, illness, or inherited by birth. Child speech and language problems include:

- * Stuttering
- * Articulation problems ("wabbit" instead of "rabbit")
- * Language disorders such as the slow development of vocabulary, concepts, and grammar.
- * Voice disorders (nasal, breathy, or horse voice and speech that is too high or low)

Contact Mrs. Fening, our Mayfield Speech-Language Pathologist, if you think your child's communication skills are impacting his/her learning-
cfening@middletowncityschools.com or 217-3759.

Third Grade News

Mrs. Newell's class had a little bit of winter in the classroom! We read the story, "Trapped by the Ice" in our reading books. We were able to play in artificial snow and make igloos out of ice cubes.

We wrote an extended response about our experience.

The third grade classes will also be going on a field trip to Bull's Run Arboretum in Middletown on Tuesday, May 12. The students will experience walking in the woods and have activities related to plants and animals found in Ohio.

Title I Parent Survey

In preparing for next school year, please look for a Title I Parent Survey to come home with your child on Monday. Your opinions matter to us, so please return the survey to school by next Friday.
