### Count Week

#### Oct. 5-9

Attendance at school is important every day unless your child is sick. However next week is especially important because it is Count Week. In Ohio, the state bases it's funding to the district on the number of students who are enrolled and in attendance that week. Please make every attempt to get your child to school during that week. If possible, make doctor or dentist appointments for after school.

### Middfest International Super Saturday for Kids

## Issue #6-Oct. 2

### 3<sup>rd</sup> Grade OAT Test-Taking Tips for Students.

Next week 3<sup>rd</sup> grade students will take the Fall OAT on Oct. 6th. Below are some test taking strategies that can lead to improved testing.

#### 1. Have a Positive Attitude

Approach the big test as you'd approach a giant jigsaw puzzle. It might be tough, but you can do it! A positive attitude goes a long way toward success.

#### 2. The Night Before

Get to bed early. Remember, your brain and body need sleep to function well, so don't stay up late!

#### 3. The Morning of the Test

Did you know that you think better when you have a full stomach? So don't skip breakfast the morning of the test.

#### 4. I'm Stuck!

Those tricky problems can knock you off balance. Don't get worried or frustrated. Reread the question to make sure you understand it, and then try to solve it the best way you know how. If you're still stuck, circle it and move on. You can come back to it later. What if you have no idea about the answer? Review your options and make the best guess you can.

#### 5. Multiple-Choice Questions

The process of elimination can help you choose the correct answer in a multiple-choice question. Start by crossing off the answers that couldn't be right. Then spend your time focusing on the possible correct choices before selecting your answer.

#### 6. I'm Done!

Not so fast - when you complete the last item on the test, remember that you're not done yet. First, check the clock and go back to review your answers, making sure that you didn't make any careless mistakes (such as putting the right answer in the wrong place or skipping a question). Spend the last remaining minutes going over the hardest problems before you turn in your test.

**Flyers for the following program came home this week:**

### Upward Basketball and Cheerleading

Upward promotes character and fun for every child by providing an evaluation system that promotes equal and competitive teams; establishes a one-hour practice and game each week; implements a substitution system for each team, allowing every child equal playing time; creating the opportunity for every child to learn and improve their skills in the sport. **To sign up, bring or mail the registration form and fee to:**
