## **Welcome by Principal**

Dear Central Academy Families:

Welcome to the 2021-22 school year! While last year presented a variety of challenges with all students and families tackling multiple learning environments that consisted of remote learning, online learning, hybrid learning, and finally in-person learning I think it goes without saying that we all are looking forward to the somewhat return of a normal beginning of a school year. I would also like to take this opportunity to thank you for all your support last year to make the year as successful as it was. We could not have done it without you and will need your support more than ever this year!

Personally, I am very excited to enter year three as the proud principal of Central Academy! As we concluded the end of the 20-21 school year, many new changes were shared with all of you that will directly impact how we provide educational opportunities to our students. These new opportunities were strategically put in place to better maximize the knowledge and skills the amazing staff here at Central Academy possess as well as finding creative and unique ways to allow students to grow not only academically but also in areas of social and emotional learning while also presenting them with leadership skills and opportunities. Our teachers have used their summer break to not only re-energize themselves but to also prepare themselves for what is sure to be an outstanding year ahead!

Last year I asked my staff to rethink, reimagine, and re-envision what school could be and I asked you as parents to re-envision what learning looked like. This year I am asking all of us to come together by way of partnership to best support and grow these kiddos as we know the impact of last year has presented some educational as well as social and emotional learning gaps. Through this parent-school partnership I know that we can meet the needs of all learners!

Lastly, I wanted to remind everyone that our social media pages are a great way to stay connected to all the great things that are happening throughout the school year here at Central Academy. You can follow our main Twitter account @Central\_MCSD as well as your child's Classroom Dojo account and join in the fun of what we hope to be an exciting partnership for the 2021-22 school year!

Once again, Welcome Back! Let's make it a great year here at Central Academy

Sincerely,

Brandon Grubenhoff

Principal-Central Academy

## **Attendance**

It is important for every student in Ohio to attend school every day. There are many reasons students miss school. Missing too much school has long-term, negative effects on students, such as lower achievement and graduation rates. Often districts can directly impact their students' attendance by using data to identify those who may need extra support and services.

Regular school attendance is an important ingredient in students' academic success. Excessive absences interfere with students' progress in mastering knowledge and skills necessary to graduate from high school prepared for higher education and the workforce. To support academic success for all students, the district will partner with students and their families to identify and reduce barriers to regular school attendance.

The district will utilize a continuum of strategies to reduce student absence including, but not limited to:

- Notification of student absence to the parent or guardian;
- Development and implementation of an absence intervention plan, which may include
- supportive services for students and families;
- Counseling;
- Parent education and parenting programs;
- Mediation;
- Intervention programs available through juvenile authorities; and
- Referral for truancy, if applicable. Updated district policies and procedures should reflect the following changes.

You are required to call the school for any of the absences listed above on the morning of the absence in order for the absence to be excused. Absences for any other reason or failure to contact the school regarding an absence will be considered an unexcused absence and truancy on the part of your student (Ohio Revised Code, Section 3313.609).

## **Definition Of Truancy And Excessive Absences**

1. 'Habitual truant' (changed from days to hours)
  - a. Absent 30 or more consecutive hours without a legitimate excuse;
  - b. Absent 42 or more hours in one school month without a legitimate excuse;
  - c. Absent 72 or more hours in one school year without a legitimate excuse.
2. Includes 'excessive absences':
  - a. Absent 38 or more hours in one school month with or without a legitimate excuse;
  - b. Absent 65 or more hours in one school year with or without a legitimate excuse.

## **District Responsibilities When A Child Has Excessive Absences**

When a student is excessively absent from school, the following will occur:

1. The district will notify the student's parents in writing within seven days of the triggering absence;
2. The student will follow the district's plan for absence intervention; and
3. The student and family may be referred to community resources.

## **District Responsibilities When A Child Is Habitually Truant**

1. When a student is habitually truant, the following will occur;
  - a. Select members of the absence intervention team;
  - b. Make three meaningful attempts to secure the participation of the student's parent or guardian on the absence intervention team.
2. Within 10 days of the triggering absence, the student will be assigned to the selected absence intervention team;
3. Within 14 days after the assignment of the team, the district will develop the student's absence intervention plan;
4. If the student does not make progress on the plan within 61 days or continues to be excessively absent, the district will file a complaint in the juvenile court.

## **Tardies and Early Dismissals**

The district will track time missed due to tardies and early dismissals, and this time will be counted towards hours missed for truancy.

## **Absence Intervention Team**

### **What Is The Role Of An Absence Intervention Team?**

The absence intervention team develops a student-centered absence intervention plan for every child who is habitually truant by identifying specific barriers and solutions to attendance. The team should include participation of the student and the parent. This is a new requirement for districts to break down barriers to attendance without filing criminal complaints against students in juvenile court.

### **Who Is Required To Participate On The Absence Intervention Team?**

Membership of each absence intervention team should vary based on the needs of each individual student, but each team **MUST** include:

- a. A representative from the school or district;

- b. Another representative from the school or district who has a relationship with the child.
- c. The child's parent (or parent's designee) or the child's guardian, custodian, guardian ad litem or temporary custodian.

The district may invite a school psychologist, counselor, social worker, representative of a public or nonprofit agency or representative from the court to participate on the team.

The district must make three good faith efforts to engage the student's parent or guardian. The parent may appoint a parent designee, such as a relative or other trusted adult, if the parent is unable to participate. If, after three good faith attempts, the district is unable to ensure participation of the parent, the team should develop the student's absence intervention plan without the parent.

## **Student Absence Excuse**

Only the following items can be considered for excused absences:

- Personal illness or injury
- Illness or death in the family
- Medical or dental appointments (partial days, in most cases)
- Quarantine
- Religious holiday
- Court appearances (partial days, in most cases)
- Emergencies and other reasons deemed good and sufficient by the principal

Absences will only be excused with a doctor's note or parent notification \*  
(limit of 8 days excused by parent)

**\* Parent notification can be a phone call to the school, online absence system, or written note.**

## **Vacation Policy**

The principal may approve vacation days, allowing the student to take work to complete while absent. In order for a vacation to be approved:

- Notification must be given to the principal two weeks prior to the absence.
- Parents must give teachers two weeks notice before the vacation to gather any work.

## **Discipline Protocol for Remote Learning**

The following guidelines are for a remote learning environment.

### **Teacher Discipline Techniques during Zoom:**

- Mute Student Sound
- Mute Student Video
- Move Student to Wait Room
- Turn off Chat

### **Due Process:**

If a student requires a formal out of school suspension, due process must be followed by the administrator issuing the suspension. The Notice of Intent to Suspend form will be completed with student signature. The student will need to participate via Zoom or a phone conference for their informal hearing. If the informal hearing is via Zoom, it is recommended the administrator record the Zoom meeting. The student/parent will email the principal stating that they did have a chance to participate in the informal hearing, this will serve as the student signature. The administrator will write on the Notice of Intent to Suspend that the student participated via Zoom or via phone and followed up with an email confirmation of their participation.

### **In School Suspension:**

- Students will participate in Zoom but will be muted both video and voice. The expectation is that all work and assignments will be completed.

### **Out of School Suspension:**

- Due process is followed as we would anytime a student is being suspended.
- Students are not allowed to participate in Zoom but can watch the video posted at a later time and complete all assignments.

## **School Bus Rules**

Our Bus Drivers Drive with PRIDE!

*Tips: Remember to Ride with PRIDE!*

We want to make sure your child's trip to and from school is as enjoyable as possible. We all play a role in achieving this goal. In order to get your child to school safe, on-time, and ready to learn, it's important that he or she understands the school bus safety rules. Please discuss the rules listed below with your child prior to the start of school.

- Stay in your seat.
- Keep the noise level down.
- Keep your hands to yourself.
- Keep head, hands, and feet inside the bus.
- Don't throw things inside the bus or out the windows.
- No eating or drinking on the bus.
- Keep the bus clean.
- Don't be destructive.
- Be courteous.

- Cooperate with the driver.
- Stay out of the “Danger Zone”—anywhere within 10 feet of the bus.
- Do not ever try to get anything you left on the bus after you get off.
- Do not try to pick up anything dropped underneath the bus—things can be replaced, children cannot.
- Always follow the driver’s directions about how to cross the street. Be alert to traffic, look both ways, and always walk in front of the bus.

Failure to follow the rules listed above could result in the following:

- Warning
- Multiple day suspension
- Permanent exclusion

A more severe or a more lenient consequence could be given based on the individual circumstances of the incident. The building administrator or his/her designee will have the final decision on the consequence.

## **Building Procedures**

### **Care of Building**

Over the years, our students have been proud of our schools. It belongs to all of us. We all have equal responsibility caring for it. We ask for your help in this endeavor. Sharing the responsibility of keeping the building and grounds clean and neat is expected of all. The school is attractive when all students take personal pride in caring for the building and all other school property.

### **Phone Calls**

You are able to contact the main office anytime between 8:00 -3:00. If you need to contact your child's teacher, we ask that a voicemail be left during instructional time and our staff will return your call.

### **Cell Phones**

Students are permitted to bring cell phones to school. Once on school grounds, cell phones are to be turned off and kept in the student's backpack, unless otherwise directed by a staff member. Students who are caught using their cell phones during the day will have them taken by a staff member. The district assumes no liability if these devices are broken, stolen or lost.

### **Dress Code**

Students are advised to use good taste in their clothing choices for school. They should follow the standards outlined below and in the code of conduct. Students should realize that some items of clothing they choose to wear outside of school may not be appropriate for school.

Students are expected to conform to good decency standards. Any student dressing in a manner that does not meet the dress code or in a manner considered disruptive to the educational environment or school-sponsored activity will be asked to change. Repeated incidents will be considered insubordination and disciplinary actions may take place. The administration will make the final decision as to what constitutes proper dress and grooming.

Middletown City Schools has a dress code policy which all students are expected to follow. As a reminder the expectations in the policy follow:

- Students are expected to wear appropriately sized clothing. The chest area should be adequately covered and the mid-section of the body should be completely covered.
- Students are expected to wear clothing that is non-transparent and contain appropriate pictures, graphics and language for the school environment.
- Students are expected to wear a shirt with sleeves or a sleeveless shirt that comes to the edge of the shoulder. No tank tops or thin strapped shirts.
- When students wear shorts, skorts/skirts, dresses or jumpers, they are expected to be at least fingertip in length when the student is standing.
- Students are expected to wear shoes that enable them to safely participate in school activities. Gym shoes are encouraged daily. No flip flops.
- Students are expected to remove caps, hats and hoods in the building.
- Pants must be worn around the waist with a belt if necessary.

### **Dress Code Violations**

1<sup>st</sup> Offense - Parent contact and student must change to follow guidelines.

2<sup>nd</sup> Offense - Parent contact and discipline referral. Student must change to follow guidelines.

3<sup>rd</sup> Offense - Continued violations of dress code requirements violates the Middletown City Schools and further disciplinary action will be determined.

## **Visitors**

Parents are encouraged to visit our schools and classrooms. Visits should be scheduled with the teacher and/or the building administrator in advance, to avoid any unnecessary disruption to classroom instruction or activities.

To maintain the safety of students, staff, and to ensure that no unauthorized persons enter the building, all visitors must present state identification and first report to the main office to receive authorization to visit.

All participants and spectators of the school are expected to abide by all laws, ordinances, BOE policies and rules/regulations pertaining to public conduct on district property.

Building administrators and their designees are authorized to take appropriate actions to prevent and remove, if necessary, unauthorized persons from entering district buildings and grounds.

Approved visitors must have a "Visitor's Permit" to wear while in the building during school hours.

## **Volunteers**

Individuals interested in volunteering should contact the building principal or designee to find out what type of assistance is needed within the school. All volunteers must be registered with the District Office and must have an FBI and BCI criminal records check. The cost of this criminal records check is \$55. All required checks, forms and training must be completed prior to beginning any volunteer activity.

## **Celebrations**

For class celebrations parents are encouraged to send in healthy snacks. Many students are allergic to nuts, dairy products and are even diabetic. Please communicate your plans with your child's teacher prior to bringing any items up to the school. This will help to avoid any conflicts with the academic requirements. It is recommended that these opportunities take place at your child's lunch time.

## **PTO**

TEAM Meetings are held in the library the 3<sup>rd</sup> Wednesday of the month at 5:30 pm. All meetings will last about an hour. In the fall, parents will receive a list of building activities and a description of each one. You can sign up to help on any activity. We would also welcome volunteers to chair any program as well as bring in new ideas!

You may send a general email message to the TEAM at the following address:

[Middiecentralteam@gmail.com](mailto:Middiecentralteam@gmail.com)

Facebook: Central Academy T E A M (must include spaces!)

## **Medication**

All students must have an Emergency Medical Form on file.

1. The dispensing of medication during school hours is discouraged.
2. The school nurse will administer prescription medication only when the required form is on file and properly signed.
3. Written instructions signed by the parent and the physician will be required.
4. All medication must be brought to the school in the original container and be properly labeled. The student's name, physician's name, type of medication, dosage, and time of administration must be on the container. The parent must take responsibility for supplying medication to the school.
5. Students are not permitted to carry non-prescription medication with them during school

hours. A student caught carrying medication (i.e. Tylenol, aspirin, etc.) will be subject to disciplinary action. \*

6. Please notify the school nurse if your child is on medication.

\* Students with life-threatening conditions may carry medication when prescribed by a physician once the proper forms are on file in the office.

## **Disaster Drills**

It is essential that all students become familiar with the exit routes from each area of the building. When a warning is given, everyone should proceed by the prescribed route to a safety area as quickly as possible. Students should not talk during a drill and are to remain as a group. Each month MCSD students will participate in one of the following drills: Fire, Tornado, Lock-Down.

Setting off any type of false alarm is a violation of state law. Violators will be suspended out of school, charges will be filed in court, and a recommendation for expulsion will be made.

## **Homework**

The Board believes that homework that is properly designed, carefully planned and geared to the development of the individual student meets a real need and has a definite place in the educational program.

Homework should be assigned to help the student become more self-reliant, learn to work independently, improve the skills that have been taught and complete certain projects such as the reading of worthwhile books and the preparation of research papers. Homework assignments also afford a way for parents to acquaint themselves with the school program and their own child's educational progress.

Homework will not be used for disciplinary purposes. The amount and type of homework given is to be decided by the classroom teacher, within the framework of overall instructional plans.

## **Cheating/Plagiarism**

Cheating and/or plagiarism is considered to be any work that is copied or taken from another source and submitted for benefit of a personal grade. Circumstantial evidence can be the basis of discipline and circumstantial includes, but is not limited to:

1. Student evaluation (test scores/grade).
2. Teacher observance of physical happenings (eye movements, body movements).
3. Identical test answers.
4. Location of article/information in another published source or another students' work, without proper footnoting.
5. Proximity (seating arrangement)

Disciplinary decisions will be made based on knowledge of all the circumstances surrounding the incident and the probable determination that cheating and/or plagiarism occurred.

Consequences may include, but not limited to: phone call home, meeting with parent and teacher, loss of grade, detentions, etc.

## **Access to Records**

In order to provide students with appropriate instruction and educational services, it is necessary for the district to maintain extensive and personal information. It is essential that pertinent information in these records be readily available to appropriate school personnel, be accessible to the student's parent(s) or the student in compliance with law, and yet be guarded as confidential information.

It is the intent of the district to limit the disclosure of information contained in the student's educational records except:

1. By prior written consent;
2. As directory information.

The following rights exist:

1. The right to inspect and review the student's education records;
2. The right to seek to correct parts of the student's education records, including the right to the hearing if the school authority decides not to alter the records according to the parent(s) or an 18 year old student's request;
3. The right of any person to file a complaint with the U.S. Department of Education if the district violates relevant federal law, specifically the Family Educational Rights and Privacy Act (FERPA); and
4. The right to acquire information concerning the procedure which the parent(s) or eligible students should follow to obtain copies of this policy, the locations from which these copies may be obtained, as well as any fees to be charged for such copies.

The following personally identifiable information contained in a student's education records is considered "Directory Information":

1. Student's name
2. Participation in officially recognized activities and sports
3. Student's achievement awards or honors
4. Student's height and weight, if a member of an athletic team; and
5. Date of graduation
6. Student District ID
7. Address
8. Phone Number
9. Date of birth
10. Place of birth
11. Major or field of study, if applicable
12. Dates of attendance

## **Computer, Internet and Network**

Middletown City Schools offer your child access to our computers and network. Authorization to utilize the school district computer resources, which include software, hardware, and access to the district network which includes access to the internet. The items below must be read, understood, and agreed upon by the parent and the student prior to the district granting access. The items include:

1. The Board of Education Acceptable Use Policy

## 2. The District Regulations for Network and Internet Acceptable Use

### **Board of Education Acceptable Use Policy**

Technology can greatly enhance the instructional program, as well as the efficiency of the District. The Board recognizes that careful planning is essential to ensure the successful, equitable and cost-effective implementation of technology-based materials, equipment, systems and networks.

Computers and use of the District network or online services support learning and enhance instruction, as well as assist in administration. For purposes of this policy, computers include District-owned desktop computers, laptops, tablets and other mobile computing devices. This policy and procedure also applies when connecting guest devices to the District network.

All computers are to be used in a responsible, efficient, ethical and legal manner. Failure to adhere to this policy and the guidelines below will result in the revocation of the user's access privilege. Unacceptable uses of the computer/network include but are not limited to:

1. Violating the conditions of State and Federal law dealing with students' and employees' rights to privacy, including unauthorized disclosure, use and dissemination of personal information
2. Using profanity, obscenity or other language that may be offensive to another user or intended to harass, intimidate or bully other users
3. Accessing personal social networking websites for non educational purposes
4. Copying commercial software and/or other material in violation of copyright law
5. Using the network for financial gain, for commercial activity or for any illegal activity "Hacking" or gaining unauthorized access to other computers or computer systems, or attempting to gain such unauthorized access
6. Accessing and/or viewing inappropriate material
7. Downloading of freeware or shareware programs

The Superintendent/designee shall develop a plan to address the short- and long-term technology needs and provide for compatibility of resources among school sites, offices and other operations. As a basis for this plan, he/she shall examine and compare the costs and benefits of various resources and shall identify the blend of technologies and level of service necessary to support the instructional program.

Because access to online services provides connections to other computer systems located all over the world, users (and parents of users who are under 18 years old) must understand that neither the school nor the District can control the content of the information available on these systems. Some of the information available is controversial and sometimes offensive.

The Board does not condone the use of such materials. Employees, students and parents of students must be aware that the privileges to access online services are withdrawn from users who do not respect the rights of others or who do not follow the rules and regulations established. A user's

agreement is signed to indicate the user's acknowledgment of the risks and regulations for computer/online services use. The District has implemented technology-blocking measures that protect against access by both adults and minors to visual depictions that are obscene, child pornography, or, with respect to the use of computers by minors, harmful to minors. The District has also purchased monitoring devices that maintain a running log of internet activity, recording which sites a particular user has visited.

"Harmful to minors" is defined as any picture, image, graphic image file or other visual depiction that:

1. Taken as a whole and with respect to minors appeals to a prurient interest in nudity, sex or excretion;
2. Depicts, describes or represents, in a patently offensive way with respect to what is suitable for minors, an actual or simulated sexual act or sexual contact, actual or simulated normal or perverted sexual acts or a lewd exhibition of genitals and
3. Taken as a whole, lacks serious literary, artistic, political or scientific value as to minors.

The District will educate minors about appropriate online behavior, including interacting with other individuals on social networking websites and in chat rooms as well as cyber bullying awareness and response. The Superintendent/designee will develop a program to educate students on these issues.

Annually, a student who wishes to have computer network and internet access during the school year must read the acceptable use and internet safety policy and submit a properly signed agreement form. Students and staff are asked to sign a new agreement each year after reviewing the policies and regulations of the District. These policies and regulations also apply to use of District-owned devices, or accessing of District intranet off District property. The Board has developed procedures to follow for implementing this policy.

## **District Regulations for Network and Acceptable Use**

The following guidelines and procedures are to be followed by the students of Middletown City Schools who are authorized to use the district's computers, local area network or online services (electronic mail, internet, commercial services). These guidelines will be reviewed periodically and are subject to revisions as needed.

### **Acceptable Use**

1. The user in whose name the district's online service account is issued is responsible for its use at all times.
2. Rules and regulations of network etiquette are subject to change by the administration.
3. All student web activities will be limited to teacher-directed assignments or activities.
4. Students may only use the web for the purpose of searching for information based on assignments or activities by their teacher.

## Unacceptable Use

1. Violating or encouraging others to violate the law or Board Policy
2. Using the system for illegal activities

## Filtering and Monitoring

Filtering software is used to block or filter access to visual depictions that are obscene and all child pornography in accordance with the children's Internet Protection Act (CIPA). Other objectionable material could be filtered. The determination of what constitutes "other objectionable" material is a local decision.

- Filtering software is not 100% effective. While filters make it more difficult for objectionable material to be received or accessed, filters are not a solution in themselves. Every user must

take responsibility for his or her use of the network and internet and avoid objectionable sites.

- Any attempts to defeat or bypass the district's internet filter or conceal internet activity are prohibited, whether made with a district or personal technological device. This includes, but is not limited to, use of proxies, https, special ports, third party applications, portable hot spots, modifications to district browser settings and any other techniques designed to evade filtering or enable the publication of inappropriate content.
- The district will provide appropriate adult supervision of internet use. The first line of defense in controlling access by minors to inappropriate material on the internet is deliberate and consistent monitoring of student access to district computers.
- Staff members who supervise students, control electronic equipment or have occasion to observe student use of said equipment online, make a reasonable effort to monitor the use of this equipment to assure that student use conforms to the mission and goals of the district.
- Staff makes reasonable efforts to become familiar with the internet and to monitor, instruct and assist effectively.
- Students are obligated to immediately report inappropriate or questionable content inadvertently viewed or accessed. Students shall report content to staff, and staff shall report the content through the designated support helpdesk.

Middletown City School District is dedicated to promoting positive communications about our schools and students. Throughout the school year, we will promote classroom and district successes through publications, the district website, various social media accounts, local newspapers and magazines, cable outlets, online publications, and television stations.

Consent for Middletown City Schools to use pictures, videotapes, film and/or recordings of a student's likeness and/or voice for news broadcasts, promotional clips, print media, Internet, and other means or purposes is assumed unless a parent completes and submits form SR111, Refusal of Consent for Publication of Student Likeness in the Media. The SR111 Refusal of Consent form may be obtained from the school secretary or downloaded from the district's website ([www.middletowncityschools.com](http://www.middletowncityschools.com)) and returned to the school office.

If we do not receive the Refusal of Consent form, SR111, we will assume permission to include your child in publications and media releases. This consent releases the Middletown City Schools, its agents, successors or assigns from any liability from any violation of any personal or property rights which said parent or 18-year-old student has in connection with such materials and waives any right to approve accompanying written or narrative material.

### **Publication Of Student Photo In The Yearbook**

A parent may refuse consent for his/her child's photo to be included in the yearbook by completing and submitting form SR 114, Refusal of Consent for Student's Photo to be Printed in the Yearbook, which can be obtained from the school secretary and returned to the office. Consent will be assumed unless this form is returned.

# **Title I Parent Handbook 2021-2022**

## **Title I Definition**

has the purpose of enabling schools to provide opportunities for children served to acquire the knowledge and skills contained in the challenging State content standards and to meet the challenging State performance standards (Proficiency and Achievement Testing).

Title I.....

buildings can qualify as Targeted Assisted Program or as a Schoolwide Program. A Targeted Assisted Program requires that the building identify children at risk (achievement) on a priority basis. Under this program Title I services, materials and equipment purchased with these funds can only be used by the specifically identified students, parents and teachers. A Schoolwide Program requires the entire school community, including parents, to make decisions through study, data, and research to reform and change the school with the goal of increasing the achievement of all students in the building. A Schoolwide program allows the services, materials and equipment to be used by all students, parents and teachers in the building.

Title I .....

is federal money (Elementary and Secondary Education Act) administered through the local public school district.

Title I ....

money is received by almost all school districts in Ohio.

Title I...

is funded on the premise that areas with a high percentage of low-income families also have high concentrations of children who are educationally disadvantaged.

## **Title I Meetings**

There are an array of Title I meetings held in the Middletown City School District each year. Information on these meetings is shared in a variety of ways. Some meetings are advertised in the school newsletters, websites and Twitter feeds and specifically created flyers also are used to make sure parents receive notification of meetings and events available to them through Title I.

An Open House is held each fall in every building. At that meeting, it is required by law that the Title I program and the “Parent-School Compact” is shared with parents and children. The compact is an agreement between the school and home which emphasizes the need to work together to increase student achievement.

A Parent Activity Committee formed at each school, including parents, meets throughout the year to plan and schedule activities of special interest and education for the school community (students, parents, and teachers). Each committee determines the number and types of events planned.

Parent involvement meetings and events are supported in three ways. First, a District Parent Facilitator provides guidance and support throughout the school year. Second, each building selects a parent facilitator(s) to support after school and evening activities. Third, a budget is provided for parent involvement meetings and events in each building.

## **Parent Involvement**

The home can be a rich source of support to both teachers and students. It is recognized that through home and school communication, the parent/school partnership can become a vital and useful resource. Parents should feel free to communicate with the school about their children.

In the Middletown City School district, a district-wide parent facilitator works with all Title I buildings during the school day to support activities for parents which teachers cannot because of their direct responsibilities with students. Individual buildings have their own parent facilitator who works with the district-wide facilitator in developing the after school meetings and events.

Parent involvement is a requirement in receiving Title I funds. One percent of the money must be used for parent involvement activities. The district is required and proud to report how many activities/meetings, the types of activities, and the number of parent participants involved each year.

## **Parent Involvement in Education**

The board believes that parental involvement is an important part of the educational program. Current research indicates that a home-school partnership and greater involvement on the part of parents in the education of their children generally result in higher achievement scores, improved student behavior and reduced absenteeism. All parents and foster caregivers are encouraged to take an active role in the education of their children or foster children.

The Board directs the administration to develop along with parents and foster caregivers the necessary regulations to ensure that this policy is followed and that parental involvement is encouraged. The regulations are to:

1. Encourage strong home-school partnerships.
2. Provide for consistent and effective communication between parents or foster caregivers and school officials.
3. Offer parents or foster caregivers ways to assist and encourage their children or foster children to do their best.
4. Offer ways parents or foster caregivers can support classroom learning activities.

In addition, building administrators/designees of schools receiving Title I funds will jointly develop with and distribute to parents of children participating in Title I programs a written parental involvement policy and guidelines. The requirements of the policy and guidelines are consistent with Federal and State law.

## **Your Parental Involvement**

Ask yourself about your parental involvement. How do I help my child? I help my child by....

- ★ Knowing the role parents have in planning, carrying out & reviewing the instructional program at my child's school.
- ★ Attending parent meetings.
- ★ Reading school and district communications.
- ★ Discussing my child's school with other parents, the principal, my child's teacher, and other administrators.
- ★ Volunteering my services at my child's school.
- ★ Visiting my child's classroom, other than at conference time
- ★ Knowing if my school has a Parent Advisory Committee (PAC)

## **School-Parent Compacts**

The federal, Title I program requires all participating schools to develop, with their Title I parents, a Compact that outlines how parents, school staff, and students will work together to improve student achievement and build partnerships to help children achieve to high standards. Schools are to develop these voluntary agreements between the home and school to define goals, expectations, and shared responsibilities of schools and parents as partners in student learning.

Compacts incorporate the unique ideas and activities of each school community. They usually have a separate section for teacher, principal, parents, and their children to sign if they choose.

School responsibilities describe how the school will provide high quality curriculum and instruction and note the importance of communication between teachers and parents on an ongoing basis (conferences, reports, access to staff, and opportunities to volunteer and participate in their child's classroom).

Parent responsibilities indicate some ways that parents can support their child's learning. Those responsibilities indicate some ways that parents can support their child's learning. Those responsibilities can include monitoring school attendance, homework completion, and media usage; volunteering in their child's classroom; and taking part, as appropriate, in decisions on the education of their children and constructive use of extracurricular time.

These Compacts are reviewed each year. If you have any ideas for your child's school Compact, please share them with your child's school.

## **School-Parent Compact 2021-2022**

The purpose of the School-Parent Compact is to outline how the student, parent and teacher will share responsibility for improving student achievement. We know that learning takes place when students, teachers and parents work as partners. We will do our best to build a school based on a strong partnership between the home and the school.
